## Manawale'a Riding Center

### Procedures for cleaning stalls

1. Wear appropriate clothes; long pants, shirt, and covered shoes

2. Get tools; shovel, wheelbarrow, push broom, small rake, and pooper scooper

3. Use halter to remove horse from stall

4. Tie horse to a nearby post

5. Rake poop into scoopers (big chunks)

6. Empty scoopers into wheelbarrow

7. Sweep remaining small particles towards dirt/mud area

8. Replace rubber mats if necessary

9. Put horse back in its stall

10. Make sure the stall is locked so that the horse can't escape

11. Repeat until all stalls are clean

12. Dump wheelbarrow contents into waste area

13. Wash off tools and put away neatly

14. Show Respect and have fun
